Dr Daan Velthausz
Senior Consultant
Bicore

Daan Velthausz has been senior consultant at Bicore since 2002. He has extensive experience (more than 7 years) with the initiation and establishment of public-private partnerships for 'FES', 'TTIs' and 'Pieken in de Delta'. Next to that, Daan coordinated several EU projects and participated in over 10 different EU projects and calls. Daan also has extensive experience in strategic consulting for senior management with respect to acquisitions, new business development, consortium development (public-private), legal & IPR and Open Innovation implementations. Daan holds a degree in Electrical Engineering and since 1998 a PhD in Computer Science. Next to that, Daan obtained his Executive MBA in 2004.
