

Dr Afonso Ferreira
Policy Officer
European Commission, DG CONNECT

Afonso Ferreira is currently seconded as policy officer to the European Commission, DG CONNECT, working at the Trust and Security unit, where he is in charge, amongst others, of the general secretariat of the Working Group on “Secure ICT Research and Innovation” of the European Network and Information Security Platform.

He is Directeur de Recherche with the French CNRS and has been the Scientific Coordinator for International Affairs of the CNRS Institute for Computer Sciences INS2I, also conducting scientific work with the INRIA. He has over thirty years of experience in the area of Communication Networks, High Performance Computing, and Algorithms, having published more than 100 papers in the forefront of scientific research. He has been member of more than 60 Technical Program Committees for international events and is currently an editorial board member for international scientific journals. Dr Ferreira has also been member of Technical Committees of international organisations and was at the origin of several European projects since FP3.

From 2007 to 2010 Dr Ferreira acted as the Head of Science Operations at the Brussels office of the European Cooperation in Science and Technology (COST), an intergovernmental initiative for spanning 36 countries, where he oversaw all aspects related to COST's more than 200 European-wide multi-disciplinary projects.

Lately, Dr Ferreira has been specialising in Cybersecurity, Foresight, Innovation Policy, and on the impact of the Digital Revolution on growth and jobs.
