

Antonio Lioy
Full Professor of Computer Security
Politecnico di Torino (Italy)

Antonio Lioy holds a PhD in Computer Engineering and is Full Professor of Computer Security at the Politecnico di Torino (Italy).

His current research interests are in the fields of network security, electronic identity, and policy-based protection of ICT systems.

Professor Lioy participates to several EC-funded projects (such as e-SENS and Stork 2.0) and is currently the Coordinator of the SECURED one (www.secured-fp7.eu).

He is a member of the eIDAS technical sub-group, which is dealing with technical interoperability and operational security requirements for eIDAS.
