

Dr Gisela Meister
Standardisation Director
Giesecke & Devrient

Dr. Gisela Meister has been employed with G&D since 1989 and is G&D's Standardisation Director as well as the Head of R&D's Technology Consulting Department. She convenes the European standardisation working group for digital signature applications on smart cards (SSCD). Since 1994, Dr. Meister has been a member of the DIN national committee on Card Standardization NIA 17, which she chairs now and since 2006 to recently she chaired the technical committee NIA 17.4 and now acts as head of German delegation of its international mirror committee within ISO/IEC. Dr. Meister has degrees in mathematics and economics from the University Münster, has received the SIT Fraunhofer Smart Card prize 2004 and is a member of several program committees regarding smart cards and security aspects, e.g. the BSI IT-Sicherheitskongress 2013, the Fraunhofer Smart Card Workshop, the Chip to Cloud or ID World symposia.
