

KommR Prof. Hans -Jürgen Pollirer
Chairman of the Information and Consulting Division
Austrian Federal Chamber of Economy

Prof. Hans -Jürgen Pollirer is Chairman of the Federal Division, Information and Consulting, in the Austrian Federal Chamber of Economy, in which position he represents the common interests of some 100,000 companies involved in information, communications and knowledge-based services.

He has many years of professional experience in the ICT sector, especially in the field of IT-security and e-government, and works in these fields as a legally certified expert in operational computer science.

In addition, he is an accredited EuroPriSe legal and technical expert, and in this role is involved in the examining process for IT and web-based services aspiring to achieve the European EuroPriSe seal of privacy certification.

Hans-Jürgen Pollirer is Managing Director of Secur-Data Business Consulting GmbH, a company that specialises in the development, planning and implementation of IT strategies, IT security and auditing.

He is also known for numerous specialist publications on data protection and IT security. For example, he was co-author of the comprehensive Manz commentary 'Data Protection Rights'.
