

Josep Román
Senior Manager, IT Security
Indra

Computer Science Engineer by "Universitat Autònoma de Bellaterra" (Barcelona) and Master PDD by IESE Business School (Barcelona). He achieved his CISA and CISSP certifications back in 2003. He holds also the ISO 27001 Lead Auditor, CRISC, BS25999 Lead Auditor and ITIL certifications.

Lived in Switzerland for 10 years where he worked for the largest Swiss banks (UBS and Credit Suisse) occupying several positions in the IT Security and IT Risk Management areas where he became Deputy CISO for CEMEA Credit Suisse's Investment Division. He also consulted for several Swiss Private Banks as IT Security expert.

Since his return to Barcelona in 2006, he's been working at Indra in very large and complex IT Security outsourcing services for both Government and Financial companies.

The last 3 years, Josep has been working on several projects for Finance companies leveraging Bigdata, Analytics and Machine Learning to reduce IT Security incidents and electronic fraud.
