

Dr Tobias Höllwarth
Vice-chairman and Treasurer
EuroCloud

Dr. Höllwarth has worked as a corporate consultant specialised in IT projects for over 20 years. In addition to his work at the Vienna University of Economics and Business he also founded the company Höllwarth Consulting in the year 1991. The main focus of the consulting firm lies in the fields of: IT consulting, IT services and cloud consulting.

His many years of experience and specialist know-how in the technical as well as the commercial field have proved invaluable for the numerous projects that he has led such as outsourcing and tender management for large enterprises from industry, the energy sector and administrative bodies. Cloud consulting, the development of cloud strategies, cloud IT policies, the planning of cloud migration, the quality assurance of cloud offers and auditing of cloud service providers are all topics that have increasingly gained in importance since 2010.

Tobias Höllwarth was a founding member of EuroCloud.Austria where he is today a member of the Board, a position he also holds with EuroCloud Europe. He acts as an expert for questions pertaining to certification at the Austrian Standards Institute ASI (ÖNORM) and is leader of the Austrian delegation that participates in negotiations with the International Organization for Standardization (ISO) where cloud computing is concerned and many cloud specific projects within the European Union.

In addition to other specialist publications he is also the editor of the book “Migrating to the Cloud”, language editions in German, English and Slovenian, Portuguese, Taiwanese and Chinese. The book is intended for business decision makers and provides a direct practical insight into all topics relevant for cloud computing. It is now the third time that Tobias Höllwarth has organised the Austrian CLOUD Congress that offers both providers and users of cloud solutions a joint platform for the exchange of ideas.
